

STACKING TOTE 100

DESCRIPTION

The material of the **STACKING TOTE 100** is medium-density polyethylene through a rotational molding process that gathers higher resistance to impacts.

- It has UV protection.
- It's resistant to any weather conditions.
- Light and easy to clean.
- It can be stackable.
- It includes a lid.

FUNCTIONALITY

The **STACKING TOTE 100** is perfect for storing food or products outdoors or indoors in an organized and hygienic manner.

- Optional handles and wheels.
- It has the option of adding four caster wheels of 3" so it can be easy to slide over the surface.

CUSTOMIZATION

We can label it with the legend of the type of material or your logo according to your needs.
