

# BIOHAZARD STEP ON WASTE CAN 21

## DESCRIPTION

The material of the **BIOHAZARD STEP ON WASTE CAN 21** is polypropylene which gathers higher resistance to impacts and avoids deformations. It has a waste can, a foot lever, and a lid.

- UV protection.
- Highly resistant to weather conditions.
- The lid has a foot lever which helps reduce direct contact with the waste can.
- Infection free.
- It includes a label with the caption "Biohazard Infectious Waste" on the front and the lid.

## FUNCTIONALITY

- It's perfect for separating residues from medical areas or hospital areas.
- It can be used with a bag.

## CUSTOMIZATION

According to your needs, it can be labeled with your logo or the caption of the type of material it contains.
